concealed fixing systems

Snap-LOC clip

For TREX® Transcend decking

How does the KlevaKlip Snap-LOC work?

KlevaKlip is a multi-board, fixed pitch decking system that provides consistent gapping between the boards. The Snap-LOC clips allow the boards to be snapped into the clip by the weight of someone “walking the board into the clip”. The teeth of the clip flex, allowing the board to insert into the clip, then “snap” into the groove of the board, locking it in place.

Made from engineering polymer, the Snap-LOC clip is built to last the life of your deck.

Features and Benefits

- Super-fast fixing system – up to three times faster than conventional concealed fixing systems.
- Extremely easy to use – almost impossible to get wrong. Dove-tail joiner ensures there is never a run-out in your deck.
- Equally easy to use on timber or steel joists.
- Fixed to joists with screws, connector nails, or by nail gun.
- As clip is made from a tough, strong engineered nylon, it is easy to “shoot” down using a nail gun. This makes for an extremely fast fixing time as a clip can be fixed to the joist in a matter of seconds.
- Aesthetic appeal - your deck looks great without the distraction of top-fixed screws and nails.
- Provides correct gapping between the boards as part of the system.
- Being Engineered Nylon, one clip fits all environments.
- Dove-tail joiner makes for easy laying.

Basic How to Install*

4mm Continuous Packer

- 4mm Continuous Packer has been designed to be used in conjunction with Snap-LOC clip when screw fixing breaker boards, picture framing boards or mitre joints.

Trex® Snap-LOC Clips

Code	Material Type	Box Items	Size	Boards Held	Suitability for
KSL140N	Engineered Nylon	40	584 x 40mm	4	140mm Trex® Transcend Decking
KPacker	Impact modified Polypropylene	20	570 x 40mm	N/A	For use with Trex® Decking when using the Snap-LOC Clips

Coverage: 1 box of 40 clips provides coverage of 9.5-10 sqm, based on joist centres of 450mm.

The Snap-LOC Clips add 4mm to the joist height. **Note – not suitable for bushfire-rated areas.**
