

KlevaKlip Sub-Structure Products

Typical “top of joist” heights achievable with KlevaKlip Deck Building Products

KlevaKlip Connectors

Frep Joist Hanger

The outdoor joist hanger

Frep Joist Hanger

- Molded from Fibre Reinforced Engineering Polymer (FREP).
- Corrosion proof.
- Strong - engineered to last.
- No sharp edges.
- Paintable.
- Easier to use than conventional joist hangers.
- Vibration resistant nail holes.
- 15 year warranty.
- Ventilation ridges for joist breathability.
- Meets Australian standards for decking/flooring.
- Patented design.

Double-Triple Connector

The positive connection between joist and bearer

Double-Triple Connector

- Moulded from Impact modified Polypropylene – strong, tough, good UV stability and will not rust in any environment.
- Fits 45mm width joists to most size bearers.
 - Keeps your joists dry and prevents moisture- initiated degradation of joists and bearers caused by skew nailing.
 - Fix with gun-nails, manual nails or screws.
 - Allows you to lay out joists standing in position, simply (gun) nail them off in one operation.
